MUNTANELLA ES(S) ALPINE FOR LUNCH

WHY ALPINE?

All goodness can be so close. Our head chef selected the best local products for you to create this menu. In cooperation with our local producers and farmers from the “Schanfigger” valley we are trying to create a movement in which we highlight the great products from the valley to show *you* what our region has to offer. In this context, all our meat and fish products come exclusively from Switzerland.

All our breads & rolls are produced produced by the Steiner bakery in Arosa “En Guata” and enjoy our menu!
